	Community Group/Organisation	Yes	Other, please state	
Details of where wood donation can be delivered and any access restrictions e.g. Donation can only be made between Mon-Fri from 9am - 2.30pm via the main gate	The chippings should be delivered to Meriden Pool (Duck Pond). There is a service entrance that may be opened. Can the driver please call 07767 162423 so someone may be on site to receive the load. Can you please advise a week when the delivery will be made as I need to get volunteers organised to help do the pathway.			
Brief description of how the donation will be used e.g. Logs for seating in school garden	The wood chippings will be used to reinstate the rear pathway of the Pool making it more accessible for visitors and supress the weeds that grow through.			
Estimate of how many people will benefit from the donation. e.g. Our school has approximately 168 students, but the garden is also used by 40 members of the local beaver/scout group outside of school time.	The community of Meriden comprise 2,760 residents. Most of whom will travel along Main Road/Birmingham Road passing the Pool and enjoying the vista and also visiting the Pool with children/grandchildren. The Pool also receives visitors from outside Meriden who enjoy feeding the wildfowl and sitting at the benches or having a picnic. The Friends Group have identified 5 priorities to achieve in the next 12 months and re-chipping the rear path is one of them so this is very timely and would be of great value to the Group and Community.
